

RB-300MM FAA-L-864 CODE RED BEACON INCANDESCENT

Intensity	Medium
Horizontal Coverage	360°
Vertical Beam	3° Minimum
Lamp Description	(2) 620PS40P, 120V, 3000 Hrs.
Effective Candelas	2000 Nominal
Height	31-1/2"
Diameter	13"
Flashhead Base Material	Aluminum A-356
Lens Material	Pyrex Glass
Voltage	120VAC 60 HZ (Available in other voltages)
Wattage	1,240 Watts
Weight	68 lbs.
Operating Temperature	-55 C° to +55 C°
Wind Load	CAAA= 1.6 FT2
Hardware Material	Stainless Steel
Lamp Holder	Ceramic
Mounting Holes	Four mounting holes 11/16" spaced 90° on a 13 1/4" bolt circle

QUALITY:

- Resistant to heavy rain or storms and corrosion.
- Resistant to shock and vibration.

ADVANTAGES:

- ETL certified to FAA (AC-150/5345-43F)
- 2 year warranty (excluding bulbs).
- Applications: Towers, chimneys, bridges, buildings and other structures.

IMPORTANT:

- Technical service available 24/365.
- The use of non-OEM parts will void warranty.
